Lecal Briefs. -Remember the railroad election on February 7.

-F. H. McMaster, Esq., will locate in tewn for the practice of law.

-Dr. W. E. Aiken is having the roof of his dwelling house repainted. -The mule trade in town is quite lively, as also is the trade in fertilizers. -Mr. J. M. Beaty has been confined to his home for several days by sick-

-William L. Hicklin, of Blackstock, has been appointed a cadet to West

-Mr. A. J. Hamilton, of White Oak, who has been quite sick is im-

proving. -Mr. E. Trapp has been appointed postmaster at Jennings postoffice in this county.

-Dr. Jne. Boyd is in the employ of County Auditor Crosby meeting the Auditor's appointments in the county. -We are requested to give notice to all whom it may concern that from this date Mondays and Saturdays will

be the regular office days of the School Commissioner. -The attention of those taxpavers who have not paid their taxes is called to the fact that the time expires on road through Chester county, formerly February 1st, after that day the pen-

alty will attach. -We are glad to hear once more the blowing of the whitle and the whir of the machinery of the oil mill. It is pleasant music to our ears. Long may it continue, say we.

-Mr. Jno. D. Harrison, of Longtown, was in town on Wednesday. He reports farming operations in that section as active. Plenty of cotton still on hand and full corn cribs.

-The annual meeting of the Associate Reformed Presbyterian Church at this place was held on Tuesday morning. We understand the reports showed the church to be in an unusually fine condition both spiritually and financially.

-Fairfield hasn't built a mile of railroad in over forty years.

his ankle severely. He got home on Thursday and is confined to his bed. At last accounts he was resting well, but will not be out for several days.

-Mr. W. A. Wynne, State Secretary of the Y. M. C. A., held a very says, "you can bake a biscuit or dry a interesting service in the Methodist brick in thert order." They have also Church on Sunday night in the interest of the Y. M. C. A. He made a very pleasant and entertaining address, explaining the object of the society. A large audience was in attendance.

-We call attention to the advertisement of the Winnsboro National Bank, in which they announce the establishment of a savings department, this is a good movement on the part of the Bank, as it will afford the opportunity and encourage many to save small amounts against a rainy day, that per-

haps they would spend. -In response to many inquiries with reference as to who can vote at the railroad election to be held on on February 7th next, we desire to say, that all citizens of the county 21 years of age and over are entitled to vote,registration tickets not necessary-and vote at any election precinct. Don't forget this, and no property qualifica-

tion required. Mrs. R. M. Dunlevy whose death unced in our issue of Tuesday, n that day in the Presby-The funeral ser by the Rev.

Fish Dam) are requested to meet in ! Winnsboro on Mouday the 2nd of February to effect an organization of turned on Saturday from Florida, said railway company.

-The Young Men's Christian Association of Union Church in this county, met in the church on Saturday last according to the notice given in these columns some days ago. Mr. W. A. Wynne, State Secretary, delivered an address before the Association which was well received, and evidently did a ding of his cousin Miss Russell. great deal of good. Notwithstanding ! the inclemency of the weather, the attendance was good. Mr. Wynne D. C. spoke again on Sabath morning at the same place to a large audience.

-The White Oak Prize Club met on Friday pight last in the school house at White Oak, President Johnson in the chair, and Mr. W. M. Patrick acting secretary. A considerable amount of business was transacted of a routine character, after which the thanks of Mr. and Mrs. Grey Boulware for their baum. kindness in giving the club the use of their large and commodious dining dinner on December 31st last. The club then adjourned to meet on the first Friday night in February at 7

-We learn from a letter shown us on Wednesday from one of our promgone abroad through the county that eruptions. because the contract for grading the known as the Atlanta, Asheville and Knoxville road, but now known as the Cape Fear and Cincinnati road, that Fairfield's chances are gone. We stated in a recent issue that that road would only be a branch road, that the main through line would go through Fairfield by the route suggested in the charter of the Winnsboro and Fish Dam read. We desire to impress this fact on our people, so that no one will retrain from voting for the subscription, by teason of any doubt he may have as to securing the road.

Fairfield with the great trade centers

-The C. F. & C. R. R. will connect -We had an interesting interview with Capt. Hinnant on Saturday. The Captain is in the employ of the Carolina Mining & Manufacturing Company -Mr. Q. D. Williford, while on his at Killians, and gave us some interway home from the North, got out of esting facts concerning the state of the train at Salisbury, N. C. On get- affairs at that place. It seems that ting off the car he slipped and sprained during the late cold weather the work All this is now done away with because they have built large sheds and a drying floor on which the Captain started to brill a down draft kiln. One day recently on a test they made two days, commencing at 9 o clock would have committed suicide, but their sincere well-wisher, a. m., they averaged 25,000 brick each day, and with sufficient hands they can make 40,000 brick a day.

Children Cry for Pitcher's Castoria.

FARMERS OF FAIRFIELD .- We call attention to the new advertisement of ask our people to read it carefally.

MASONIC .- An important meeting of the fraternity was held in Columbia on the 21st. The Most Workhipful Grand When Baby was sick, we gave her Castoria. Master, Laurie T. Iz'ar, E.q., summoned the District Deputy Grand When she became Miss, she clung to Castoria. Masters to meet him there, on that day. Jno. J. Neil, Esq., was present, representing this Masonic Destrict. He reports a most pleasant and harmonious meeting, and states that the one of the objec s of call was to consider the founding in this jurisdiction of a Masonic Orphanage.

-Leading physicians/ recommend Aver's Sarsaparilla. Old and young take it with perfect safety. It cleanses the head of tonic alteratives.

THE LITERARY CLUB. - The young men of the town held a meeting on n his report of January 20, the Young Men's Literary ('lub.

SOCIETY EVENTS.

This has been a week of sociables. On Monday night one was given by Mr. and Mr. C. W. Faucett in honor of Miss Janie Stevenson and Miss Chanie Owings, who are visiting friends in this section. This was followed on Tuesday night by one at Mr. J. G. Wolling's for the same young ladies. Both were highly enjoyed and duly appreciated by the young people. Drummers, peddlers and agents are beginning to put in their appearance.

H. J. F. W. Coleman, and the oldest landmarks in this section, died kept up, and no one thought the end was so near till Tuesday morning, when he became suddenly werse, and notwithstanding the skill of his kind physicians, Drs. Rabb and Coleman, the end soon came. Squire Coleman was in his seventy-third year. He was a man well versed in the history of this section. He possessed a retentive memory and could tell some interesting stories about the early days of the Dark Corner. He was a survivor of the Mexican war, and was drawing a pension from the United States Government. He became a Trial Justice under Chamberlain's administration and held the office continnously up to his death. He was a member of the Cool Branch Farmers' Alliance and was buried by the Alliance with the ceremonies of that order. He was a man of extensive acquaintance and warm in his friendship. He left no family, but his friends throughout the county and elsewhere will be

NEW DEPARTURE. JANUARY 1st, 1891. Fifteen years ago I inaugurated, at Batesburg, S. C., what I termed the Club System, dealing directly with the farmers through Clubs, supplying box. For sale by McMast: Brice & them with fertilizers at bottom prices, and discounting their paper at Banks, giving the farmer the ready cash to do business on, thus saving them the enormous profits paid on the old-time to wi system. My business has steadily increased every day under this plan, and I now have Clubs scattered throughout the State. In order to facilitate my growing business, I have found necessary to open up a business at Columbia, S. C., where I can readily reach every portion of the State. That I might serve my customers, meeting their wants on as low basis as they can buy anywhere, in company with a few solid business men, we have organized, at Columbia, S. C., the Globe Phosphate Company, with a Capital Stock of \$50,000, which will soon be in- freight and passengers. creased to \$100,000. Our plant is located at the conjunction of railroads centering in Columbia, S. C., giving said Railway Company.

The managers at the several election passed anywhere. Our works will have double trackage on either side, and we can handle from twenty-five to thirty-five cars without shifting; this will enable us to ship out our goods with promptness. We will be connected by rail with Southern ports, and we have direct water connections | County, to wit: by way of old Granby on the Congaree with the Phosphate beds which will enable us to land our rock at our works at about the same price as most of the Charleston companies pay. Situated as we are 130 niles in the interior, the big saving in freights will give us a decided advantage over the ports. Our machinery and works are of the latest and most improved pattern. The large experience of our Superintendent, Dr. T. C. Robertson, who has built one other factory-the Columbia Phosphate Company's works-warrants us in saying no Phosphate works in the country will be better equipped for business than the Globe Phosphate Company. With brand new works, brand new goods, and having officers at its head who have had fifteen to twenty years' experience in the fertilizer business,

success our efforts merit.

Commercial Bank Building, or

J. Q. DAVIS, Winnsboro.

FARMERS OF FAIRFIELD!

A TERENIE

DEAR SIRS: We have bought the plant of the Winnsboro Oil and Fertilizer Co., which we propose to operate in the interest of the farmers of Fairfield. Cotton seed oil is a product of the Southern farm which, from its valuable properties and the various uses to which it can be put, must ultimately increase the income of the farmer who raises the seed and the manufacturer who crushes them. At present, however, the price of oil is so low that its production is hardly profitable and we cannot offer you a big price for your seed. bought all the seed the Winnsboro O. & F. Co. had on hand, about 100 tons, and will begin this week to work them up. While doing so we will continue to buy all that may be offered at prices we can afford to pay.

The good that we can do you by running the oil department of our plant is not entirely within our control as the price of seed depends principally on the price of oil. But there is another branch of our business over which we can exercise a greater control, which we know we can and will operate in your interest, and that is our fertilizer department. We propose to buy only the best materials and to manipulate them so as to produce first, a high grade fertilizer of superior quality to increase the yield of the crops and improve the soil of lands containing a due proportion of the elements of plant food but not a sufficient amount to make a large crop; secondly, two or more special brands with the elements of fertilization so compounded as to best meet the need of special kinds of soil. If you know the nature of your land and the kind of ertilizer it requires, buy the goods we will put up for that kind of land, for you will find them to be what they are represented and as cheap as such goods can be bought. If you do not know, come to us, tell us what you can about the nature of your soil, the kind of crops von have been raising, the kind of culture you have been pursuing, the fertilizers you have used, etc., etc., that we may judge what element or elements of plant food your land is deficient ia and thereby be able to advise you what fertilizer it will be best; for you to use. We want to co-operate with you and from year to year manufacture and furnish you such fertilizers as you will need and of course, for it is a matter of common sense, sell you goods that you will find to be of superior quality, cheap and therefore prontable for you to buy. We want to build up a trade and keep it by selling you such goods and at such prices as will enable you to make a success at farming. To do so we will try to compound our materials to conform to the teachings of agricultural science and investigation and the experience of successful and practical farmers. It will be to our interest to do so, for your success means our success. Our desire is that people all over this State shall point to our county and say, "See what Fairfield is doing in the way

of progressive farming!" We solicit your patronage, not only because ours is a home industry, but be-

cause we intend to deserve it. When you are ready to purchase your fertilizers we will sell them to you for cash or on time, or you can get them from your merchant. Whether you want to buy or not we will be pleased to have you call and see us. Yours respectfully

THE FAIRFIELD OIL AND FERTILIZER CO
